### The Future of ESP and Showing Support for Afterschool Programs

You may have heard that federal funding for afterschool programs is in jeopardy. It's true that ESP funding is uncertain, but I want to let everyone in the Midway community know that **there will be ESP at Midway for the 2017/2018 school year.** What happens after that is up to Congress. If you would like to encourage Senator Hoeven, Senator Heitkamp, and Representative Cramer to support funding for afterschool programs, follow the link below to attach your name to a letter showing your support.
